OUR COMPANY

»»» WHY HUFF GROUP

Over the past 18 years, we've developed a reputation for delivering high-quality outcomes on some of Queensland's most complex builds. Our work spans education facilities, health precincts, lifestyle villages, government infrastructure, and high-end residential developments.

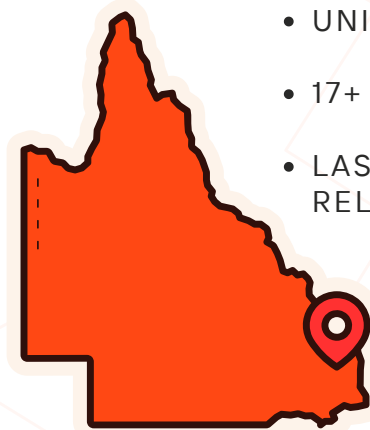

Our business is defined by experience and consistency. With more than 90 full-time electricians supported by an experienced management team, we have the capacity and structure to handle projects of any scale, anywhere across the state.

What makes us different is how we approach each job, with professionalism, accountability, and a genuine commitment to doing the right thing by our clients. We believe that great results come from strong relationships, and that trust is earned through every project we deliver.

We are proudly Australian-owned and operated, with our headquarters based in Maroochydore on the Sunshine Coast and a brand new Fraser Coast (Hervey Bay) facility being constructed in 2026. From this base, we continue to serve clients across Queensland and beyond, providing dependable, high-quality electrical solutions that stand the test of time.
